BREEDER TULIPS

This class of Tulip is known for its gigantic flowers borne on tall, robust stems and the exquisitely blended bronze shades. They come to bloom at the same time as the Darwin Tulips.

Among the many varieties consisting in this class of Tulips we offer those that are generally conceded the best.

Doz. 100

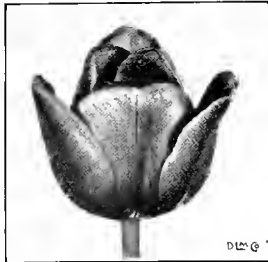

Panorama. Reddish mahogany with bronze shading. Beautiful form, strong stem and splendid for the border or planted in groups. .065 \$4.25

Prince of Orange. Deep orange red, golden orange margin. Flower of striking beauty. .75 5.00

Louis XIV. Dark purple, flushed with bronze to the edge golden brown, inside purple. Outstanding among all other Breeders. .65 4.25

Velvet King. Deepest glossy purple with soft hue. Flower of extraordinary substance and size. .70 4.50

Yellow Perfection. Bronze coppery yellow, edged and shaded golden yellow. A large flower of fine form. .65 4.25

Popular Breeder Tulip Collection

It consists of: 10 bulbs each of the above 50 5 named varieties. Each variety is packed for \$2.40 separately and labeled.

Splendid Mixture of Breeder Tulips

A very interesting Mixture in which all the various Breeder Tulip shades are represented.

\$1.00 per 25, \$3.50 per 100

DOUBLE EARLY TULIPS

Tulips resembling Peonies. They are very heavy and sturdy. Planted in masses most showy effects can be obtained with their immense flowers, which are also very lasting.

Doz. 100

Electra. Beautiful deep rose, feathered violet. Large flower excellent for exhibition. .075 \$5.00

Mr. Van der Hoeft. Bright yellow, very compact flower. One of the finest of the double yellow Tulips. .70 4.50

Murillo. Delicate pink flushed white. A very popular variety most suitable for bedding. .65 4.25

Vuurbaak. Brilliant scarlet. When fully opened, shaded orange. .70 4.50

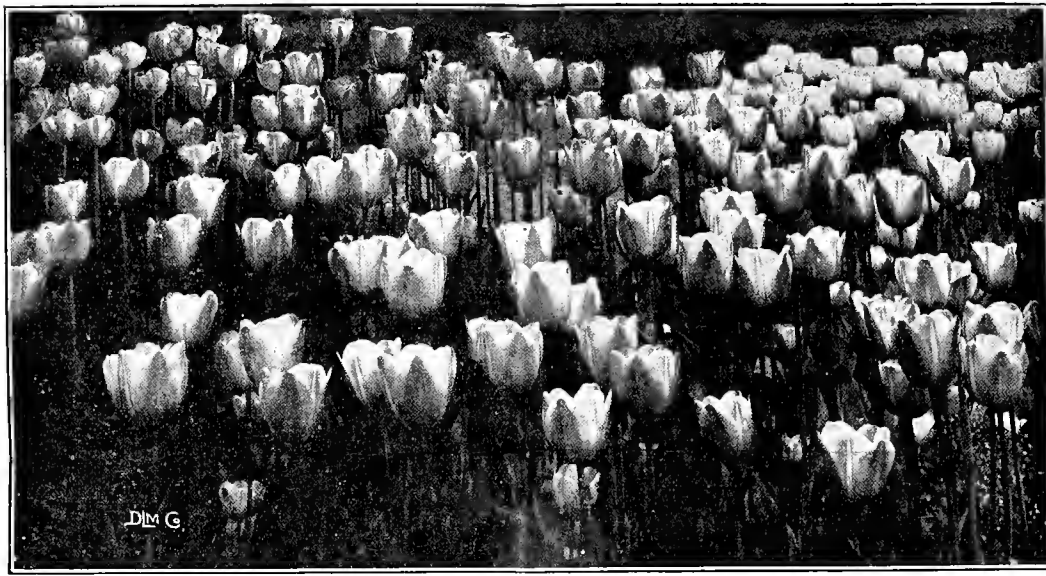

Rainbow Mixture of Double Early Tulips

A solid bed with the many colors and shades this mixture contains, is really beautiful.

25 for \$1.00, 100 for \$3.50

DARWIN TULIPS (Long-Stemmed)

THERE is hardly any other class of Tulips so useful for various purposes as the Darwin Tulips. A good bed of these Tulips is always a glorious sight and lends each garden a distinguished aspect. Groups of Darwins planted in borders and between shrubs make a very beautiful effect. As cut flowers they are unsurpassed; long, strong stems, bright beautiful colors and their value is still enhanced by their wonderful substance and lasting qualities. Bloom in May. Plant Tulips during October, November or December, 5 inches deep and 5 inches apart.

Doz. 100

Bartigon. Clear crimson red, with white base. Larger flower of good form. .060 \$3.75

Clara Butt. Remains the favorite of Tulip lovers. Clear salmon pink, a most pleasing color. .60 3.75

Dream. Beautiful soft uniform lilac, clear blue base. Preferred as the best in their color. .65 4.25

Farncombe Sanders. Fiery rose scarlet, inside vivid cerise scarlet with white center marked blue. Large, broad petaled flower of perfect shape. .60 3.75

Inglescombe Yellow. Surnamed "Yellow Darwin" although classed as a Cottage. Pure yellow, very beautifully shaped. .65 4.25

Popular Collection of Darwin Tulips

An extremely suitable collection for small groups and multi-colored borders. (Colors blending most wonderfully.)

10 bulbs each of the above named 10 100 Darwin Varieties. Each variety is packed for \$4.00 separately and labeled.

LILY-FLOWERING TULIP "SIRENE"

Beautiful deep rose with paler margins. Opens first like a Rose with glowing warmth in its color; then takes on the form of a graceful Lily while the color grows more delicate; later in midday sun it changes to a perfect six pointed star of silvery rose.

70c. per doz., \$5.00 per 100

Picturesque Rembrandt Tulips

REMBRANDT TULIPS

They comprise a strain of variegated Darwin Tulips, so-called Broken Darwin Tulips. They possess splendid decorative value. Every flower has fantastic stripes, veins, rims and other peculiar marks which makes the flower very picturesque.

A splendid Mixture of all shades is offered in this class.

75c. per doz., \$5.50 per 100

PARROT TULIPS

For home decoration these peculiarly formed and shaped Tulips of brilliant colors are ideal. They are the most fantastic of all Tulips with their fringed, scalloped petals. They are not suitable for formal beds as the stems bend and do not hold the flower erect.

In the rock garden in front of evergreens or shrubs they are very effective however.

A Mixture of all shapes and colors is offered in this class.

70c. per doz., \$5.00 per 100

Parrot Tulips

COTTAGE TULIPS

(MAYFLOWERING)

Cottage Tulips come to bloom a little later than the Darwin and Breeder Tulips. They differ from these in that the blossoms are more slender and their shape more graceful. Their colors are clear and bright and harmonize perfectly with the other long-stemmed Tulips. Many of the Cottages are very fragrant.

Doz. 100

Gesneriana Lutea. The purest of the yellow Tulips. Perfectly shaped flower and distinctly sweet scented. .065 \$4.25

John Ruskin. Rich apricot orange, flushed pink and gold. The flower is egg shaped and of nice form. .65 4.25

Orange King. Beautiful deep orange, shaded rose, inside deep orange scarlet with yellow center. Very fragrant. .65 4.25

Picotee. A grand border Tulip. Flower white, margined deep rose, which increases as the flower ages. Medium size flower. .60 3.75

Triton. Bright pink with carmine gloss, rarely beautiful and magnificently shaped flower. .70 4.50

Popular Collection of Cottage Tulips

It consists of: 10 bulbs each of the above 50 5 named varieties. Each variety is packed for \$2.30 separately and labeled.

Choice Mixture of Cottage Tulips

Plenty of colors and shades in this Mixture, but above all, the beautiful different shapes of flowers make a bed of Cottage Tulips interesting and very suitable and valuable for cutting.

\$1.00 per 25, \$3.50 per 100

SINGLE EARLY TULIPS

Come to bloom in April, several weeks before the Darwin Tulips. This early flowering gives them an advantage over the later flowering kind in that their blooms are more lasting.

They have shorter stems, but cannot be equaled in value for the laying out of solid beds and borders.

Doz. 100

Keizerskroon. A gem for bed ding. Bright crimson scarlet with distinct wide yellow border. Very large flower and strong stem. .075 \$5.25

Pink Beauty. Bright cherry rose, center of petals striped white. .70 4.50

Prince of Austria. Brilliant orange scarlet with clear yellow base. Fragrant. .65 4.25

De Wet. Golden yellow, flushed deep orange. Large flower of erect habit and sweet scented. .75 5.25

Rising Sun. Fine deep yellow. Large flower and splendid bedder. .70 4.50

Rainbow Mixture of Single Early Tulips

This Mixture produces a great wealth of fresh, bright colors. Highly recommended.

\$1.00 per 25, \$3.50 per 100

SPRING'S HERALDS

SCILLA SIBIRICA (Blue Squill)

Flower spikes 3 to 4 inches tall. Bell like flowers of bright blue. Blooms in April. Are most valuable as edgings and massed in beds and borders. Particularly suitable for naturalizing. Plant 3 to 4 inches deep.

35c. per doz., \$2.00 per 100

SCILLA CAMPANULATA (Wood Hyacinth)

Spikes 14 inches high. Clear blue, bell like flowers. Very effective for borders; will grow under Fir or Pine trees. They are strong growers with erect flower stems. Bloom in May.

40c. per doz., \$2.25 per 100

CHIONODOXA (Glory-of-the-snow)

The hardiest, most easily cultivated and most beautiful of all the early Spring flowering bulbs. Bear a number of flowers on spikes 5 inches high. Their color is a clear sky blue with white center. In bloom at about the same time as the Crocuses. They naturalize splendidly and produce more flowers each year. Plant 3 inches deep and 2 to 3 inches apart.

35c. per doz., \$2.00 per 100

GRAPE-HYACINTHS (Muscari Blue)

Planted in masses in either shade or sun these little flowers are attractive in every location. The flower spikes are thickly set with small, pearl like blooms of heavenly blue color.

Planted out in the herbaceous borders, in the rock garden or naturalized. Leave them alone and they will add each year to their already profuse blooming qualities.

Galanthus

Plant 2 to 3 inches deep and 2 inches apart.

35c. per doz., \$2.00 per 100

SNOWDROPS (Galanthus nivalis)

Are the first to open in Spring and are very lovely. They are particularly effective under hedges, under trees, shrubs and in woodland. They dislike being moved, so leave them alone to naturalize themselves.

Plant 2 inches deep.

45c. per doz., \$2.75 per 100

Grape-hyacinths

CROCUSES

Crocuses are most effective planted in masses on the lawn, between shrubs, along hedges, etc. In the rock garden they make a gay display as early as March and April. May be left in the ground undisturbed for 3 or more years after planting.

Plant Crocuses only 1 inch deep.

Bright Blue
Purple
Pure White
Variegated Striped
Golden Yellow

Any of these colors: 35c. per doz.,
\$2.50 per 100

ALL COLORS MIXED

A Mixture of all the various colors in Crocuses, which we recommend very highly for naturalizing in lawns, woods, etc.

25 for 60c., 100 for \$2.00

BULBOUS IRISES

Hardy Dutch Iris come to bloom shortly after the German Iris are gone. The flowers are of lasting qualities, borne on strong stems surrounded by long, narrow leaves. Height 20 to 27 inches. They are most valuable for cutting and yet they are wonderfully effective planted in groups, beds and borders. Bulbs can be left in the ground undisturbed for years.

Huchtenburg. Lilac shaded white; falls, orange yellow.

Imperator. Deep blue, large flower, very showy.

Theo de Bock. An interesting, almost bronze colored flower.

White Excelsior. Pure white. A very distinct variety. Large flower.

Yellow Queen. An even tone of golden yellow. Very extra.

Any of the above varieties: 50c. per doz., \$3.00 per 100

Splendid Mixture of DUTCH IRIS

A great many different colors are represented in this Mixture.
